6/25/2014 History

## IEEE VAST 2010 Challenge

## HISTORY OF CHANGES

## **Recent Changes**

August 10th: Results have been posted. The notification letters have been sent to the primary contacts.

June 11th: As far as we know all pages are final and will not change... But of course now that you are paying attention, you might find little problems that need to be fixed. Use the blog or the <a href="mailto:challengecommittee@cs.umd.edu">challengecommittee@cs.umd.edu</a> address to ask questions. June 11th: Corrected an inconsistency. The Grand Challenge only requires a debrief and the video. The task description was always correct stating those requirements but we corrected the definitions at the top of the page to match.

June 8th: The "how to submit" page has been finalized, the answer forms are posted... You should be ready to go! Use the blog for last minute questions.

June 7th: The guidelines have been finalized and a draft has been posted on 'how to submit' page.

May 30th: The guidelines and criteria for judging have been updated. We will send an email soon informing you that the final versions are up.

April 27th: Added Grand Challenge - All data sets and task descriptions have been posted

April 9th: Added Mini 3

April 6th - Task descriptions for 1 and 2 posted Apr 5th - Mini Challenge 2 dataset posted.

Apr 2nd - Mini Challenge 1 dataset posted.

Mar 14th - <u>Data samples</u> posted.
